Juror’s Statements:

We are pleased to be invited to judge the Dimension 2005 Exhibition this year. As Jurors, we were faced with the challenge of appropriating an exhibition which included not only works of art that exhibited stylistic and technical skills, but also works that reflected a change in direction for the art community as well, that of the inclusion of craft. Some works are chosen for their degree of content, creativity and skill, while other works were chosen for their reflection of the current pop culture.

The Art Center of Corpus Christi does a fine service in offering opportunities for the creative life of Corpus Christi. We appreciate their efforts and are pleased to be part of this ever-evolving artistic community.

Sincerely with warm regards,

Jayne Duryea, Chair
Visual Arts Division
Coastal Bend College

Joe Pena
Professor of Art, Adjunct
TAMU Corpus Christi

Special thanks to *Jezebelle*s for
