The background of the entire image is a dense, overlapping arrangement of numerous ceramic bowls in various colors like blue, white, yellow, and green, creating a textured, bowl-filled effect.

About the Coastal Bend Food Bank

The Coastal Bend Food Bank (CBFB) is a nonprofit organization that solicits and distributes food which might otherwise go to waste or be discarded by manufacturers, wholesalers and retailers. The Coastal Bend Food Bank collaborates with a network of partner agencies, including food pantries, soup kitchens, and shelters, to ensure that food reaches those who need it the most. Through these partnerships, the organization strives to create a coordinated and efficient system to distribute food resources across the region.

In addition to emergency food assistance, the food bank is actively involved in various community programs and initiatives that focus on education, nutrition, and empowering individuals and families to break the cycle of hunger. These efforts often include outreach programs, nutrition education, and partnerships with local schools and community organizations..

Mission

The mission of the Coastal Bend Food Bank is to fight hunger and promote wellness through food distribution and nutrition education.

About the Art Center of Corpus Christi

The Art Center of Corpus Christi, established in 1972, stands as a pillar within the community. Its inception was fueled by a group of citizens who understood the importance of fostering local artistic talent for the greater good of the community. Originally situated in the Centennial Museum building, the Center later relocated to the historic USO building on North Shoreline Boulevard in the 1980s, owing to the need for expansion and a more suitable space. Over five decades, it has blossomed into a dynamic hub of artistic endeavors, offering exhibitions, workshops, and educational programs that cater to all ages and skill levels. The Center's core mission revolves around nurturing and preserving South Texas' distinctive creative culture, empowering artists, and enriching lives through art for present and future generations. Since its founding, the Art Center has become an important cultural force that advances the unique culture of South Texas, therefore admission has always been, and will remain, free of charge for everyone, every day.

The Art Center serves as a destination for artists, school groups, visitors, tourists, and community members, offering rotating exhibitions of original artwork and engaging art-making experiences. Its programs are instrumental in fostering the unique creative culture of South Texas, advancing artists' careers, and expanding the audience for their art.

Mission

The mission of The Art Center is to nurture and promote regional artists and art as a service to our diverse community.

SOUPER BOWL (not to be confused with that other one with footballs and helmets) is a unique event that brings together two integral organizations in our community. You get to browse table after table of beautiful handcrafted ceramic bowls to take home (not eat from). Sample and feast on as much locally made soup as your heart desires. This makes for an exceptionally fun evening supporting and celebrating all the things that make Corpus Christi great: local art, local restaurants & businesses, and local non-profit organizations.

The Art Center's Clay Studio artists work hard for months creating the unique bowls you get to choose from at Souper Bowl. Hundreds of bowls are hand-made guaranteeing that every guest leaves with the perfect bowl. Each ticket comes with one bowl and extra bowls can be purchased at additional cost.

The generosity continues, with favorite local restaurants donating a wide variety of soup for you to choose from. Taste them all and enjoy until you can't eat any more, and then vote for your favorite one! There will be over 20 different types of soups for you to sample; because what is better on a chilly February evening than an all you can eat soup buffet?

We Need Your Help.

SOUPER BOWL is a celebration of local art, cuisine, and community. Our goal is to raise \$50,000 to benefit vital programs at the Art Center of Corpus Christi and the Coastal Bend Food Bank.

Support Art Education and Exhibition

Supporting art education and exhibitions fosters creativity, problem-solving, critical thinking, and cultural awareness. Art Education provides children and adults with tools to express themselves, build confidence, and develop and promote mental well being. Exhibitions, on the other hand, offer local artists a platform to showcase their work, contributing to the cultural vibrancy of the community.

Combat Food Insecurity

Souper Bowl combats food insecurity by raising funds for the Coastal Bend Food Bank's children's meal programs. Proceeds from the event directly support efforts to provide nutritious meals to children facing hunger in the Coastal Bend region. Every \$1 raised feeds 4 families in the Coastal Bend.

Strengthen Community Ties

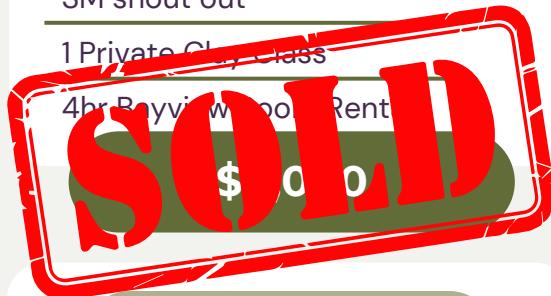

Souper Bowl unites local artists, restaurants, businesses, and residents in a shared mission to support the Art Center of Corpus Christi and the Coastal Bend Food Bank.
